

**From:** Dr. Timothy Leung  
Olympiads School  
**To:** AP Physics C students  
**Subject:** Notice for Classes 8 and 9

Please note that the homework sets for Classes 8 and 9 are combined together. Both classes discuss the same topic (Rotational Motion), and the homework questions are related.

After Class 9, the class will continue with harmonic motion and universal gravitation, before wrapping up topics in the Mechanics exam, and moving on to the Electricity & Magnetism exam
